

# Preschool Mathematics - Measurement

California  
Preschool  
Instructional  
Network

## Participants will:

- Review and promote the research in early childhood mathematics in the classroom.
- Review the *California Preschool Learning Foundations (PLF)*, *California Preschool Curriculum Framework (PCF)*, and other CDE resources to support mathematical learning in the classroom.
- Discuss the application of classroom practices and strategies that enhance children's mathematical growth and development.
- Identify strategies to support dual-language learners developing measurements.

*Recommended For Preschool Teachers, Aides & Administrators and Family Child Care Providers and Migrant Education Staff.*
