

# Beginning Together 3-Part Series

## Emphasis on Infants & Toddlers

Facilitators: Melynda Velasquez & Cecilia Vang

One of the many goals for an early care and education program is to nurture the experience for young children to develop a strong social-emotional foundation for future school engagement and quality of life. The purpose of the Beginning Together training three-part series is to ensure that children with disabilities also get the opportunity to experience these foundational pieces that will support their future school engagement and quality of life.

Please join us for our free Beginning Together 3-Part Series! This three-part series will be delivered in a unique format that will offer the flexibility of viewing a one-hour video over a one-week period, with a one-hour mandatory follow up LIVE Zoom conversation. These trainings will cover areas of the law and rights for children with disabilities, when concerns arise for teachers, and Inclusive Strategies for Infants & Toddlers in Group Care that help support the engagement of children with disabilities.
